30 January 2019

Dear Parents/Guardians

Re: Year 11 Workshop Handouts

Thank you for attending the Year 11 workshops last week. We hope you found these events informative and supportive in helping your child achieve their GCSEs this summer. The aims of the events were:

- Inform you of the support on offer at Esher High School to support all Year 11 students
- Share top tips on how to plan revision using the 40-10 revision planner
- Share different methods on how to improve students recall of key information using a range of different methods

Please find detailed below a link, which will take you to the News and Events section on our website, where the slides and a copy of the handouts can be found:

<https://www.esherhigh.surrey.sch.uk/page/?pid=30&action=saved>

All students will have access to paper copies of the 40-10 revision planner and the key revision templates via their tutor over the weeks ahead. They will also be issued with a fresh 40-10 planner for their final exams in May/June.

Yours faithfully

Miss B Copus
Deputy Headteacher
