Dear Parents/Guardians

Re: Food Allergen Update

Attached you will find Cucina's three-week menu cycle that was launched at the beginning of this term and will be reviewed on a regular basis. The menus have been very well received to date by the students and staff.

To accompany the menu cycle, Cucina will be producing an up to date allergen matrix, identifying the 14 allergens which may be present in the dishes. It is their policy to ask any students with an allergy, to always speak directly to the Executive Chef before making any purchase, as he can advise of any allergens present, or produce a bespoke dish, if required.

There will be posters put up around the school with detailed information of food allergens as soon as we receive them from Cucina.

However, if you have any concerns please contact the Executive Chef, Chris Schacht via the main number or email:

cschacht@esherhigh.surrey.sch.uk

Yours faithfully

Esher High School
