

Key Stage 4 – Summer 2019 Headline

- 69% of students achieved 4+ in English and Maths
- 50% of students achieved 5+ in English and Maths
- 78% achieved 4+ in English Language or English Literature
- 77% achieved 4+ in Maths
- 64% gained 2 Sciences from grade 9-4
- 28% of students achieved the EBacc grade 4+ (71% of those entered for the EBacc)
- The average grade across students' best 8 subjects was a grade 5 (Attainment 8)

We are very happy with the results of the students' GCSEs this year. They have achieved really positive outcomes and built on the success of previous years, ably supported by their teachers and the expertise of staff in the school. Overall 69% of students achieved grade 4 or above in both English and maths, and early indicators are that their overall progress here was positive across their wide range of subjects. We are particularly pleased that this will enable our students to go on to work and study on challenging courses or training that will enhance their life chances.

There were individuals who achieved brilliantly as ever, with 10 students getting 3 or more grades 9 of which half were boys. We are proud of our diversity and so are delighted that many of our disadvantaged children made great progress too with early indications that they performed better than others nationally.

Our school continues to grow in strength and these results highlight the firm academic and wider foundations that we are building here. The long term trend is a positive one and we are providing a great education for all our students, and will be welcoming a new, full cohort into Year 7 soon.

Mike Boddington, Headteacher

Subjects awarded 9-4

Subject Name	% 9-4 School	% 9-4 National
English Language	72.7	71
English Literature	74.3	73.8
